APRIL 8 CHOSEN FOR ANNUAL STROLLER PLAY

Packed House Expected; Seats Must Be Procured Early

PROGRESS IS SHOWN

The date for the 1920 Stroller play has been set for Thursday, April 8. Seats will be placed on sale Tuesday, March 23, in the Stroller room. See Preston Cherry for reservations and MAKE THAT DATE!

"The Climbers" is being rehearsed every night and is rounding into shape in such a manner that as far as the cast is concerned it would be ready for presentation in a few days. However, it is impossible to get the Opera House at an earlier date, as professional performances have been booked weeks in advance. For this reason also, the play has been scheduled on a week night instead of Friday or Saturday night, as has been the annual custom.

Other Towns Want Them.

Efforts are being made to get the Strollers to book the play in several neighboring towns before it is presented in Lexington. This should give opportunity for rough spots to be polished off and make the presentation on the Lexington stage as near perfection as is possible in case the Strollers accede to these requests.

April 8 must be the biggest University night of the year! The wide diversity in the selection of characters for the play from every organization and fraternity on the campus, is causing marked rivalry in desire to show interest and pride in those members who were so fortunate as to make the Stroller cast.

Blocks of Seats Popular.

The suggestion that each organization and fraternity engage certain sections of seats, block them off and decorate with fraternity colors, has become popular. All boxes have been taken, and several blocks of seats have been spoken for. Those fraternities that desire to be "in the swim" must get busy and make arrangements for sections, or they will be very much "out of it" on University night when they find themselves hidden away and their fraternities in the background.

There seems to be more pronounced interest among the faculty this year than ever before, and the Strollers are looking forward to seeing strong representation from that body in the audience.

A number of designs for program covers have been submitted. They are very clever, and it is difficult for the committee to decide which is the most original and pleasing. The contest does not close until Saturday and the committee will receive designs until six o'clock of that day. The winner will be announced the earlier part of next week.

DELEGATES ATTEND STUDENT CONFERENCE

University Well Represented at Winchester.

The University of Kentucky was represented by ten delegates from the University Y. W. C. A. at the Kentucky Student Volunteer Conference which met in Winchester on March 12, 13, 14. An interesting and inspiring program, a cordial reception and entertainment by Wesleyan College are remembered vividly by the delegates. The purpose of the conference and of this movement is crystallized in the words: "The Evangelization of the World in this Generation."

Dr. J. Lovell Murray, Educational Secretary Student Volunteer Movement, Dr. Tolbert F. Reavis, Buenos Aires, Dr. O. G. Minglehoff, Wilmore, formerly of China; Dr. W. O. Carver, of Louisville, and Mrs. Demeree, of Japan, were the chief speakers and leaders in the meeting.

"UNANCHORED MIND" IS SUBJECT AT Y MEETING

Dr. McVey Gives Interesting Talk at Devotional Service

One of the most interesting programs of the year was presented at the joint meeting of the Y. W. and Y. M. C. A. Sunday night at Patterson Hall when Dr. Frank L. McVey spoke on "The Unanchored Mind," and Virginia Slade, the well-known reader from Transylvania College, gave three amusing selections. Katherine Reed presided at the meeting.

"The average college student is handicapped by three deficiencies," said President McVey in his address, "first a lack of ground on which to hold, second, a lack of standards by which to measure, and third a lack of facility with which to move."

"Many of us make intimacies in college quickly, without giving them the proper tests. Is not the test of a true friend his willingness to serve without hope or expectation of reward? Many friendships are made on the basis of wasting time, borrowing or the mere passing enjoyment of company."

"There was never a time," continued the speaker, "when there were so many diversions, so many enthusiasms as there are today. The student of today comes in contact with many magazines, papers, views and opinions. All of them can't be true, part must be and much of them may be true. The student must learn to discriminate carefully in this wilderness of ideas."

"We are all familiar with the man or woman with changeable enthusiasms, the unanchored mind which drifts along, changing its direction

LEXINGTON HIGH WINS STATE CHAMPIONSHIP

Sixteen Kentucky High Schools Compete For State Honors in Basketball

150 GUESTS OF COLLEGE

The Lexington High School quintette won the State Championship in basketball last week when it won in the finals with Ashland Saturday afternoon, after fifteen other high school teams had been eliminated in preliminaries and semi-finals of the Fourth Annual High School Tournament. The tournament was held at the University of Kentucky Friday and Saturday, March 12 and 13, and consisted of fifteen games. The championship loving cup is given annually to the winner of the State championship as determined by the Kentucky High School Athletic Association's annual tournament by the University of Kentucky. Lexington High has won the cup three consecutive times. The first cup, given in 1917, was won by Owensboro High.

The University was host last week to 150 high school students, representing sixteen high schools of the State in the Fourth Annual High School

CAMPUS PLAY-HOUSE TO HAVE FORMAL OPENING

Reception and Program Arranged For March 25; "Overtones" To Be Presented

The Department of English and Literature cordially invites University students and faculty to the reception and program to be given in honor of the formal opening of the Campus Playhouse on the evening of March 25, from 8 to 10 in White Hall. After a series of short talks the one-act play, "Overtones," by Alice Gerstenberg, will be given.

A delightful series of programs, including plays, music and dancing, has been arranged for production in the Campus Playhouse during April and May by groups in Lexington, Transylvania and the University. The English Department in this initial impulse to organize dramatic talent in Lexington hopes to satisfy both a "town and gown" want.

The Campus Playhouse has been fitted with scenery by work in the Mechanical Engineering Department and with draperies made by members of the class in Dramatic Production.

The following cast of "Overtones" has been selected:

Harriet, Virginia Throckmorton.
Margaret, Carlisle Chenault.
Hetty, Lucille Moore.
Maggie, Elizabeth Brown.

CHILD MUSICIAN IN CHAPEL LAST FRIDAY

Community Singing Enjoyed By University Audience.

D. E. Nolan, of the New York Community Service, who has been in Lexington for a week demonstrating song leading, and Jerry C. Walker, a nine-year-old pupil of Lincoln School, entertained an enthusiastic audience in chapel Friday.

Mr. Nolan rendered several piano solos, demonstrating his extraordinary skill by playing the piano with his hands, nose and right foot. Jerry, who is taking violin lessons at the College of Music, gave a clever imitation of a dog and of the cornet, playing, "Till We Meet Again." Mr. Nolan assisted by Jerry, led community singing which included the following songs: "There's a Long, Long Trail Awaiting," "Smiles," "Beautiful Katy," "Oh, What a Pal Was Mary," "Oh, Mistress Shady," "I'm a Little Prairie Flower."

CONSTITUTION ADOPTED BY LEAGUE MEMBERS

Miss McLaughlin Discusses Value and Purpose of Organization

The second meeting of the Woman's League, which was recently organized in the University, was held Monday, fifth hour, in the Little Theater. Miss Marguerite McLaughlin took the place of Mrs. McVey, the speaker announced, and gave a talk on the purpose and value of the League.

Miss McLaughlin discussed the organization chiefly from the standpoint of the town girl, who has hitherto been unfortunately left out of things to a certain extent, owing to the fact that most of the college activities center around the dormitories. As a result, the girls of the dormitories have been considered the leaders, and in most instances, the most active members in the campus organizations. The formation of an organization which will include in its membership both town girls and dormitory girls, will serve to unify and strengthen the work of the whole body of women students, and benefit the dormitory girls as well as those who live in town.

After the talk, a motion was made that Mary Van Meter should be elected temporary chairman of the league, to serve in that office until the regular election of officers next month. Miss Van Meter had previously been elected chairman of a committee to draw up a constitution for the organization. This constitution was read at the meeting, and with one amendment, was adopted. The other business transacted was the appointment by the chairman of a nominating committee to select the candidates for the election of officers which will be held in May.

GLEE CLUB BACK FROM BIG KENTUCKY TOUR

University Musical Organization Visits Towns in Western Part of State

RECEIVE AN OVATION

The University Glee Club's eight-day trip to the Southwestern part of the State was notable. In every town and hamlet they were received with enthusiasm.

In all they traveled about a thousand miles by rail, fifty by water, and gave nine programs. The itinerary took in Paducah, three times, Wingo, Mayfield, twice, Fulton, Smithland and Benton.

In all three towns it was a case of "standing room only." Out in one little town the people were even packed in the windows. In Benton posters were put up throughout the town announcing their coming. K. L. Varney, county agent, had a statement on the poster to the effect that Professor Carl Lampert, University musical department head, was a genius and that the Redpath Chautauqua could not compare with his organization.

H. E. Hicks, of Lexington, made a hit with his guitar. His fame would get to the towns before the Glee Club arrived. Immediately the people would say, "we want Hicks." He always played four or five encores. Anderson caused a sensation in Mayfield, his home town, by his base solo. His was a case of Caesar returning after his Gallic wars. The quartet was a knockout.

At Hickman, Ky., they followed the Al Field minstrels and just preceded the Columbia Saxophone sextet, yet the auditorium was packed to overflowing. In Paducah they gave three concerts and had three full houses. At Fulton there were seven hundred auditors in the auditorium to hear the concert. They met many alumnae who treated them like lords.

During the last few days of the trip calls came in from many places, yet eight days was not enough time to fill all appointments on schedule. They had to even leave out Murray, Ky.

The men who made the trip were: A. E. Bell, Eminence; H. E. Hicks, Lexington; J. R. Curry, Maysville; A. C. Smith, Lexington; S. D. Findley, Frankfort; R. H. Craig, Lexington; Silas Wilson, Frankfort; W. P. Tibbett, Lexington; C. M. Riley, Covington; C. C. Anderson, Mayfield; A. Lis-anby, Princeton, and R. L. Porter, of Anderson, Ind.

They go to Maysville this week-end and next week-end they appear in Frankfort.

NOTICE!

Beginning Saturday, tickets for "The Climbers" will be on sale in the Kentuckian room daily, at the fifth hour.

FRATERNITY DANCE
IS BRILLIANT AFFAIR

Theta Chapter of the Kappa Alpha fraternity, University of Kentucky, entertained on Saturday evening in Buell Armory with their annual dance. It was one of the most brilliant and delightful affairs of the season. The ball room was elaborately decorated with the fraternity colors, crimson and old gold, streamers of which were arranged to form a canopy and draperies about the ceiling and walls; the lights were shaded in the colors and great shields of electric globes in the fraternity emblem designs on the opposite sides, palms and ferns completing the effect.

The hosts were: Active Chapter—John Davis, J. P. Barnes, Warren Clare, Garland Davis, Poindexter Mabry, Edward Browning, Coleman Collis, Robert Bamber, Owsley Walton, William Hiaett, W. N. Culp, Fred Houston Shaw, Henry Grehan, W. J. Edmonds, Fred Augsburg, Edward Parker, David Thornton, Owen Carroll, Charles Robinson, Bowman Grant, Gilbert Smith, John Burks, H. B. Kinsolvin.

Pledge—Mr. B. T. Richards.

They were assisted by the chaperones: President and Mrs. F. L. McVey, Dean and Mrs. C. R. Melcher, Dean Josephine Simrall, Professor and Mrs. Enoch Grehan, Dr. and Mrs. J. W. Pryor, Professor and Mrs. W. E. Freeman, Dr. Harry Best, Mr. and Mrs. McClarty Harbison, Mr. and Mrs. Samuel Walton, Mrs. C. A. Thomas, Miss Margaret McLaughlin, Miss Frances Jewell.

SUBJECT AT "Y" MEETING

(Continued From Page 1)

with each whiff of wind. One of the

aims of college life is to find an anchor, to contribute to the sanity of viewpoint and opinion and to set standards of guidance for others.

"Not only must we have definite standards in relation to government and current affairs, but we must also have definite ideals and standards in religion. We should all have certain definite elements in our lives. As we grow older we find the religious element becoming more and more essential and important.

The speaker closed his talk with a very telling statement. "If a man lives seventy-five years," said he, "he spends a third of that time, twenty-five years, in bed. Of the fifty years remaining, twenty-five are taken up in preparation for self-support, education, etc. That leaves him only twenty-five years to do the things in life which he is expecting to do and to reap whatever reward he deserves on earth. It is unnecessary, I'm sure, to dwell upon the importance of the four years spent in college or to say that they should not be wasted. Let us all set a standard and live up to it."

Miss Slade was at her best in the reading of her three charming selections, "When Jimmie Goes to Bed," "Old Kentucky," and "The Minister Comes to Call."

During the social hour which followed the program, refreshments of ice cream and cake were served.

HORACE MANN

"The Irish Question" was discussed at the regular meeting of the Horace Mann Literary Society last Thursday night. The "Sinn Feiners" were defended by Miss Margaret Ford. C. R. Lisanby talked on "Irish Home Rule," and Miss Elizabeth Davidson spoke on "A Short Sketch of Irish History."

ABOUT THE CAMPUS

The writer of this column is wondering whether these "License Applied For" signs seen on autos these days mean automobile or marriage license.

The Junior Engineers will leave for their twenty-fifth annual trip, March 30, and will return Saturday, April 3. They will be accompanied by Professors R. D. Hawkins, E. A. Bureau and W. A. Newman. They will visit the following places:

Newport Rolling Mills Company and Andrews Steel Mills, Newport, Ky.; American Tool Works, Cincinnati Milling Machine Company; Triumph Electric Company, Cincinnati; California Pumping Station, California, Ohio; Proctor & Gamble Company, Ivorydale, Ohio; Niles Tool Works Company, Long & Allstatter Company, Hoven, Owens, Rentschler Company, Beckett Paper Company, Hamilton, Ohio; National Cash Register Company, Dayton, Ohio, and Englewood Dam, Englewood, Ohio.

Charles Planck, a graduate of last year's class of the College of Journalism, has recently accepted a position on the reportorial staff of the "Free Press" of Detroit.

Miss Dorothy Walker, of Pineville, and Miss Myra Warren, of Louisville, both former students at the University, were guests of Miss Mary Sweeney last week-end.

J. A. Hodges, '16 Ag., was a visitor on the campus this week.

Mr. Harold H. Downing told the "Story of the Heavens" on Friday evening at the Young Women's Christian Association. Mr. Downing, who is professor of astronomy at the University of Kentucky, spoke most interestingly of the sun, the moon, the planets, the stars and explained eclipses and various astronomical phenomena. At the close of his lecture questions were answered and Mr. Downing extended an invitation to those present to come to the University Observatory to look through the telescope at the moon and the stars.

"The Story of the Heavens," which was delightfully given, was the fifth in the series of University Extension lectures provided at the Young Women's Christian Association by members of the staff of the College of Arts and Sciences of the University of Kentucky, a series of lectures which are proving most worth while.

The sixth lecture, "Art in the Home," by Miss Minna Beck will be given in April at the Y. W. C. A.

P. F. Van der Watt, received a cablegram last Saturday that his mother had died at her home in South Africa.

OWENS TO REPRESENT U. K. AT "Y." MEETING

R. W. Owens, Y. M. C. A. secretary, will represent the University at the Y. M. C. A. conference of representatives of higher educational institutions of the State in Louisville Wednesday and Thursday. Dr. McVey, who was to have represented the University, will be unable to attend. Conferences of this nature are held periodically and they deal with problems related to welfare work in the colleges. The Y. M. C. A. fund for scholarships for former soldiers, sailors and marines was discussed.

SOURCE OF GRATIFICATION.

The successful trip through the western part of the State from which the University Glee Club has just returned, marks one of the significant forward steps which the University of Kentucky is making this year despite hindrances in the way of lack of funds and adequate equipment. The men who made the trip and Professor Lampert, who directed them, are being roundly congratulated on the fortunate result of the undertaking. Seven of the principal towns of the western part of the State were visited and full houses were present for every program. In several places people were turned away on account of insufficient capacity.

The welcome and support which the Glee Club found on its short tour were a gratifying indication of both the appreciation of music which exists among the people in Kentucky, and the interest which they feel in the University musicians. Music is a universal language and appeals alike to the wise and to the simple. The fact that the expedition was so successful should bring new impetus to the efforts of the University to foster it.

It would not be too much to say that the benefits of this trip to the University cannot be measured in dollars and cents. It should promote a spirit of finer comradeship between the people of the Commonwealth and the students of the University. Contact with people outside the walls of the University hitherto has come largely through athletic contests held in other towns. These are limited in number, and involve also the additional factor of hostility incidental to rivalry. The enmity which formerly existed between the University and Transylvania and which the Kernel takes this opportunity to deprecate, owed itself to athletic competition between the two schools. The same reprehensible spirit crops out sometimes in our relations with the neighboring college at Danville when these worthy rivals have "rubbed it in" a little after the phenomenal success which they have enjoyed for several years.

But the relations which the love of music engenders, are essentially friendly. There is mutual pleasure to both the performers and the audience. No envy or rivalry comes into the equation at all. The unusual success which the Glee Club had on the trip speaks for itself. Its emissaries of good will to the "folks back home" and the return to the University, both in these emphasized friendly relations and in actual benefits derived, will amply repay the University for all the money, time, and energy expended.

But the work of the Department of Music does not stop with one successful Glee Club trip. Professor Lampert, head of the Department of Music, has plans that are too far-reaching in their scope for their usefulness to be estimated as yet. To mention only a few, we might name first, the trip which the University band made this time last week to give a concert before the Kentucky Legislature.

The operetta, "The Feast of the Little Lanterns," soon to be given by the girls' Glee Club, is another outstanding event in the annual program of the Music Department.

The bi-weekly Sunday orchestra concerts given in the chapel of the University, open to the public, free of admission, have done much to accentuate interest in music. Here the people of Lexington hear the best of modern music, both popular and classical, rendered worthily by competently trained and directed musicians. This is an opportunity of which all University students should avail themselves. The purpose of attendance at a university is not simply to acquire knowledge of certain facts, and ability to make a living. The student should also learn the fine art of human intercourse, the various refinements of life which make the present day hurly-burly livable and place some of the keener and finer pleasures of living within the reach of those who seek relief from the customary exactions of the daily grind.

The Kernel hopes to see the day not far removed when the Department of Music shall be what its field lends itself so happily to, the loftier refinements that flow from this noble art.

JUNIORS, ATTENTION!

Are you, members of the junior class, going to be slackers and let only fifty people pay the class dues when one hundred and fifty-six should?

Will the engineers kindly pay J. W. McWhorter or Geo. Zerfoss; the arts and science girls, Adele Slade or Lily

Cromwell; arts and science boys, Garland Davis or Robert Raible; the ags, Roy Farmer and the lawyers, Sam Royster.

The names of those who have not paid their dues by next week will be published in the next issue of the Kernel. Will yours be among them?

The following gems of literature are, as it were, diamonds in the rough collected from the typewriters in the Journalism Room. As examples of classic style they are absolutely without peer.

R. O. T. C. SUMMER CAMPS TO BE IN MICHIGAN

Athletics and Other Recreational Activities Included in the Program

The R. O. T. C. summer camp of 1920 will be held near Battle Creek, Michigan, a location admirably adapted to the requirements of summer training and the various forms of recreational activities. The camp will open about June 17 and continue for six weeks.

These camps are designated as basic and advanced. The basic camp is entirely voluntary and attended normally at the end of the first year of the basic course, or upon completion of the freshmen year. Authority, however, may be obtained to enable sophomores who have completed the second year of the basic course to attend the camp. The advanced camp is inaugurated for the further training of men in the advanced course who have entered into agreement with the Government to attend the camp.

Aside from the manifest advantages of practical training offered in the various phases of field work, including target practice, tactics, marches, camps, auxiliary weapons of the infantry and many other interesting features, the camp offers most important advantages, in that it will bring together prominent students from all over the Middle West. The associations formed at the camp will be most pleasant and of lasting advantage. The bringing together of men from the various colleges from widely-separated portions of the country will stimulate the exchange of ideas on the many matters of college life that concern the student and cannot fail to broaden the viewpoint.

Ample provision will be made for recreation and outdoor sports. Moving pictures, dances, baseball and many athletic events will be included. When one considers that private summer camps which are held annually throughout the country charge large sums for attendance, the liberality of the Government in regard to these camps seems most generous. It must be understood that free transportation and commutation of subsistence (\$2.25 per day while traveling), both going to and coming from the camp is allowed and that all clothing and food during the period of the camp is gratuitously provided.

The Kernel advises all students who can possibly spare the time to take advantage of this exceptional opportunity for a pleasant and beneficial vacation period. Some men have already indicated their desire to make the trip to Michigan and many others no doubt will follow, insuring a fine representation from the University of Kentucky.

The Military Department will furnish any additional information desired and all men wishing to attend the camp should turn in their names without delay to Major Tucker.

LOST, STRAYED, OR STOLEN.

Oh! how I want my shaving mug!

CANDIDATES OUT FOR PLACE ON TRACK SQUAD

First Big Meet To Come Off In One Month

With the Vandy track meet less than one month off things are beginning to hum in Coach Buchheit's track world. Candidates are signing up for berths on the track squad every day, and try-outs to determine the lucky aspirants will be held within a short time.

About thirty men have signified their intentions of trying for the squad, which number includes six "K" men and two "T" (Transylvania) men. The Kentucky letter men are: Knight, Wilhelm, Snider, Graham, Clare and Downing. Knight is captain of the 1920 squad. The former Transylvania track stars who will cast their lot with the "Running Wildcats" this year are Thornton and Hayden. The former is best known to the students for his participation in the class football series last fall. He was quarterback for the seniors. The latter named "T" man is known to all students for his classy work as forward on the 1920 basketball squad. The six "K" men are all well known, having been seen on the Kentucky track in previous years.

Other members of last year's squad who are again "in the game" are: Gibbons, Nickolson, Forman, DeBrovey, Warth and Cameron. New men having signed with Coach Buchheit up to present date are: T. Gregg, Boyd, Pribble, Truitt, Dorman, Hukle and Propps.

Most of the track work done during this spring has been indoors, but with the continuance of sunshine and clear weather the coach will move his training camp out on the mud track of Stoll Field.

A. T. O. TEAM TO FIGHT SIGMA NU'S FOR CHAMP

A. T. O.'s Win In Preliminaries With Kappa Sigs; Score Top-Heavy

The Alpha Tau Omega fraternity team defeated the Kappa Sigma fraternity team Thursday afternoon, March 11, in the semi-finals of the fraternity league now being played in the gymnasium. The score was 37 to 2. This eliminates all other fraternity outfits from the series, and the finals will be played soon between the A. T. O.'s and the Sigma Nu's, the latter having won in the semi-finals from the S. A. E.'s.

The A. T. O.-K. S. game was interesting and exciting from start to finish, despite the top-heavy score. The line-up and scoring was as follows:

A. T. O., 37; Kappa Sigma, 2.
Watson Wedekemper
Forward
Scrivner Oldham, Lee
Forward
Thompson Selph
Center
Yeager Harper
Guard
Walker Hunter
Guard
Substitutes—A. T. O., Pribble, Campbell.

ATHLETIC COMMITTEE APPOINTED BY McVEY

University Athletics To Be Controlled By Representative Body.

Appointment for positions on the new athletic committee which is to have complete charge of the athletics of the University have been made by President McVey, with the exception of the two student members of the committee, and all appointees have signified their intentions of accepting the positions.

The members of the Athletic Committee are: Ex-officio members, Frank L. McVey and H. E. Curtis; faculty members, S. A. Boles, Enoch Grehan, J. J. Tigert, H. L. Summers; alumni and citizen members, E. B. Webb, Louis Hillenmeyer, Hogan Yancey.

The appointment of the two student members of the committee will be made as soon as possible, and the committee will proceed directly to the problems that confront the University at present.

MANY APPLICATIONS FOR HOMESTEAD LAND

Homestead land in Wyoming recently opened to settlement by ex-service men thru a law passed a short time ago giving the ex-soldiers sixty days' priority in filing on the claims in the completed North Platte Irrigation Project has been much in demand, according to a letter received several days ago from Daniel C. Carson, a student of the University, who left two weeks ago for Cheyenne, Wyoming, to acquire one of these claims.

According to "Kit," there were twenty men for each claim to be given out and the names were placed in a hat and one name drawn from each twenty names in the hat. The lucky one was entitled to file on a claim. Up until a week ago "Kit" had not been successful in getting a claim and stated that if he were unsuccessful in getting some land in the North Platte Project, he was going up to the Shoshone Project in the northern part of the State and try his luck there.

This news casts a damper over the hopes and "air castles" of a number of other University men who have been contemplating following "Kit's" example and going West to grow up with the country.

According to a letter received by one of the boys interested in this Homestead Land proposition, from the Dean of the College of Agriculture of Wyoming, all the land in the North Platte Project and the Shoshone Project is taken up, but he stated that there is a rumor of another project that is to be opened up soon, known as the Wind River Project, and he advises anyone interested to write to Mr. Chas. S. Hill, Commissioner of Immigration, Cheyenne, Wyoming, for information.

TRACK SCHEDULE FOR 1920 IS ANNOUNCED

Revival of State High School Meet One of Features

In this issue of the Kernel the students will find the announcement of the Spring Track Schedule for the University. It will be noted that the schedule includes our old opponents, Vandy, Cincy and Miami, as well as the rival State track squads. The Southern Interscholastic Athletic Association meet at Atlanta will be one of the biggest events of the season.

One of the features of the 1920 schedule is the revival of the State High School meet, which was begun in 1912 and continued until 1918. Each annual track meet gained in importance and occasioned more interest from year to year, until the sixth annual meet, held in 1917, which was participated in by a record number of high schools. It will be remembered that Jimmie Wilhelm, now a student in this University, then a student in Paducah High School, won the medal for the best all-around athlete in the meet. In this last meet the silver loving cup was won by Louisville High School.

Information will soon be sent out by the Athletic Department to all the Kentucky high schools in regard to particulars of the meet. The largest number of participants in the history of the Interscholastic Meet is expected here May 8.

LETTERS AWARDED AND CAPTAIN ELECTED

Hayden to Lead 1921 Basketball Squad; Hayden, Lavin, Everett, Burnham, Ridgeway Lucky.

Basil Hayden, junior in Industrial Chemistry, was elected captain of the 1921 basketball team Wednesday at the first meeting of the recently-elected "K" men in basketball. The 1920 members of the squad who received letters in basketball are: Hayden, forward; Lavin, forward; Everett, center; Burnham, guard, and Ridgeway, guard. With the giving of letters to these five men, and the election of Hayden to the captaincy of the 1921 squad, the basketball season at the University of Kentucky was officially ended.

The newly-elected captain is one of the most popular members of the squad, and is capable of making one of the best leaders the Wildcat basketballers have ever known. Hayden hails from Paris, Kentucky, and was prominent in high school athletics and later in athletic work at Transylvania University, of which he was a student for one year. During the recent Kentucky season he was the outstanding star and chief "goal-getter" of the Wildcat outfit, and his recent honor is well-merited.

"Say It With Flowers"

Easter

It is a fact that in right giving lies the secret of untold pleasure. So with the coming of Easter the opportunities are many for everyone to be indulged. Those who receive in one way—those who give in another.

Not only will you be made happy in the greetings from others received, but—here is the thought—why should you not share in the happiness which you send to others? This we have made possible.

For we've gathered together from near and far the greatest Easter exhibit in this establishment ever attempted. Most every flower at its best, plants rarely blooming. And this, that you may personally select the gifts that to others your Easter greetings will convey, and actually feel the happiness thus created.

In Selecting a University

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

LEXINGTON HIGH WINS

(Continued from Page One)

Tournament. The teams and the places where they were entertained while in Lexington were: Carrollton, Pikeville, Ashland, Covington, Newport, and Monticello at the Phoenix Hotel; Paris, Clark County, Winchester and Kavanaugh at the Leland Hotel; Anderson County and Georgetown at the Reed Hotel; Maysville at the S. A. E. Fraternity House, Owensboro at the Sigma Nu Fraternity House, and Cynthiana at the A. T. O. Fraternity House.

The fighting began promptly at 10 o'clock Friday morning, and continued through afternoon, evening and morning until Lexington High and Ashland High had eliminated all other teams, and the State championship was decided by a final game played Saturday afternoon between these two teams. Lexington won by a score of 56 to 13, thus winning the University cup for the third consecutive time and also winning the basketball given by the Thos. E. Wilson Sporting Goods Company.

All of the games of the series were well played and were all hard-fought. A spirit of wholesome interscholastic rivalry was present throughout the contest, and the tournament was one of the most successful ever held. The Fifth Annual Tournament will be held at the University next year at about the same time.

The games were played in the following order, and with the following results:

Preliminaries.

Covington, 42; Newport, 12.
Lexington, 27; Kentucky Wesleyan Academy, 10.

WOMAN'S CLUB MEETS AT PATTERSON HALL

Election of Officers Postponed Till April Meeting.

The Woman's Club of the University of Kentucky held the regular meeting on Friday afternoon at Patterson Hall. The hostesses were Mrs. George Baker, Mrs. Clarence Mathews, Mrs. Frank McFarland, Mrs. Daniel Terrell and Mrs. Milford White.

In the absence of the president, Mrs. Paul P. Boyd, on account of illness, Mrs. Linwood Brown presided for the business session.

The annual election of officers and the address by Miss Josephine Simrall were postponed until the meeting in April.

Miss Marietta Eichelberger, of the Home Economics faculty, gave a group of songs. In the delightful social hour the hostess, Mrs. Mathews presided at the tea table which had a silver vase of pink carnations, a silver service and silver baskets of cakes and bonbons. A large number of the members were present.

Why Not Trade Here?

—BECAUSE—

The selection of suitable drug store goods is better here than usual for the very simple reason that not only do we stock practically anything and everything that any drug store anywhere could offer you, but we arrange and display them in such a way as to make selection easy, rapid and satisfactory. The quality of everything we sell is high-grade. True, there are medium priced and low-priced goods, but value for value, price for price, there are better offerings here than elsewhere. When the question of drugs is considered there is but one quality and that is the highest that science can produce.

lurgy, will accompany them.

The men who will make the trip are: Seniors, T. L. Gorman and L. W. Morgan; Juniors, T. J. Asher, W. M. Baulch, J. R. Drummy, V. L. Johnson, A. J. Muth, O. E. Richardson, J. B. Siegel, Chas. Stuhlburg, H. L. Thompson, Earle Wallace and E. N. Winkler.

They will go directly to Copper Hill, Tenn., and stay there till Tuesday morning, visiting the plant of the Tennessee Copper Company. They will also go in the mines and visit the sulphuric acid plant, the largest of its kind in the world. Tuesday night they will journey to Knoxville, which will be their working center. Thence the party will go to Mascot, Tenn., to visit the American Zinc Company's various mines and concentrating plant.

Wednesday night they will return to Knoxville. The Knoxville Board of Commerce has arranged an auto trip for them, taking in the various places of interest about the town, including the University of Tennessee. This ride will also include various marble quarries, mills, leading manufacturing plants, iron works, etc., in and about the city, which would be of interest to mining engineering students.

Friday they go to LaFollette, Tenn., to see the plant of the LaFollette Coal & Iron Company. There they will see coal and iron mines, limestone quarries, coke ovens and iron blast furnaces in operation. At twelve o'clock that night the party will take the train for Lexington. They will arrive here Saturday morning, April 2.

Other places enroute may be visited, that is, if the time is sufficient. Junior miners have accompanied the seniors on their various trips up North, yet this is the first time in the history of the college that they have had a trip of their own.

AMERICAN CHEMICAL SOCIETY WILL MEET

Public Invited To Hear Dr. Patrick.

The sixty-first meeting of the Lexington section of the American Chemical Society will be held in the Physics Lecture room in the Physics Building, University of Kentucky, Saturday, March 20, 1920, at 3 p. m.

Dr. Walter A. Patrick, of Johns Hopkins University, will deliver an address on "The Absorption of Gases and Vapor by Silicic Gel and the Industrial Application of the Same."

Dr. Patrick is connected with one of our oldest American Universities and has attained great distinction in his work in colloidal chemistry. He is a speaker in great demand, having recently addressed the Detroit and Cincinnati sections of our society and the fact that he has recently cancelled an engagement to visit the Minneapolis, Minnesota section enables us to have him with us at this time.

Faculties and students of our educational institutions, and the public are cordially invited.

PHILOSOPHIAN

The Philosophian Literary Society met last Wednesday evening at 6:45 o'clock in the recreation room of Patterson Hall. Professor Noe read several of his poems, which were much enjoyed by the members of the society.

UNION

The Union Literary Society elected officers at a meeting held last Friday night. Those elected are: N. B. Conkwright, president; O. C. Gartin, vice president; H. P. Haley, secretary, and E. Zuckerman, treasurer. At the next meeting, Dean Slagle will give a brief talk on the progress made in the Senate toward ratification of the peace treaty since the beginning of the 1920 session. M. Alperin will also give a talk on some current event.
